according to Student Support Act („StudFG“) 1992

Performance-Related Grants serve as recognition of outstanding achievements and relate to the study performance of the preceding academic year* (§ 57 StudFG).

*Relevant examination period: 01/10/2025 - 30/09/2026 (= exams with examination date 01/10/2025 – 30/09/2026)

Recognitions and pedagogical courses within the Art Education programme of external universities must have been completed during the mentioned period.

Minimum number of completed ECTS-credits: 55. Full-time students may apply for such grants from their third semester onwards, provided the application requirements are met. For multiple study majors *at the University of Applied Arts Vienna* all test scores shall be considered as far as the duration of studies have been completed within the stipulated period. A performance-related grant may not be less than the amount of EUR 750 and not exceed EUR 1,500 (§ 61.1 StudFG).

Application ranking will take place for each study area on the basis of ECTS-credits completed by the students and the achieved grade point average. Based on available funds and completed ECTS-credits at least one student of each study area will be selected. **Further application ranking is independent from the study area.** Applications of PhD students or students of individual bachelor-, master- or diploma programmes will be selected on the basis of actual credits and the process of study through the Commission of Merit-Based and Support grants. Funds are provided through the Federal Ministry of Women, Science and Research (BMFWF).

The application ranking must be made public and therefore, will be published on this web page: http://www.dieangewandte.at/leistungs_foerderungsstipendium

Applicants will be informed concerning approval or rejection by e-mail to the address provided in our database.

Please check your e-mail address on our service-site: <http://service.uni-ak.ac.at/>
